KOH PRODUCTION QUOTAS -- Prace, No 224, 24 Sep 48

A comparison of the KOH (Revoluční Odborové Hnutí) districts shows how the quotas are being filled, calculated per single employee, in their execution of the alternate plan. The production quotas are as follows: (1) Klatovy kraj, 7,669.80 crowns; (2) KOH Ostrava, 7,210.60; (3) Karlovy Vary 3,997.10; (4) Usti nad Labem, 3,501.70; (5) Zlin, 3,263.04; (6) Prague, 2,982.10; (7) Most, 2,936.26; (8) Pilsen 2,837.83; etc., down to (17) Brno, 1,131.50; (18) Znojmo, 1,070.40; (19) Hradec Kralove, 1,046.73; (20) Sumperk, 1,031.66; (21) Jihlava, 993.28.

Comparison of the assigned tasks with their fulfillment reveals weaknesses. Thus, Klatovy fulfilled production for 3 months with actual high production of the value of 2,911 crowns per person or 37.96 percent; and it is in ninth place in order of fulfillment of the production alternate plan of the 21 kraj. Ostrava, by producing 3,243.11 crowns, fell from second place in order of assignment to eighth in order of fulfillment, and fulfilled its task 44.97 percent. Karlovy Vary was third in order of assignment but produced only 1,711.41 crowns or 42.81 percent; thus it is in 17th place in order of fulfillment per person. Usti nad Labem produced 2,394 crowns, fulfilling its assignment 68.36 percent (14th place). Zlin, in fifth place in order of assignment, fulfilled its task with 8,589.47 crowns or 263.22 percent, and is in first place. Right next to it in actual production is Prague, with 5,905.10 crowns or 187.62 percent. In third place is Kladno, with 4,192.60 crowns or 170.65 percent. Next in order are Liberec, with 3,932.70 crowns or 155.8 percent; and Olomouc, with 3,851.90 crowns or 188.48 percent. The last five are as follows: (17) Karlovy Vary, already mentioned;

(18) Hradec Kralove, 1,621.41 crowns or 159.90 percent; (19) Jihlava, 1,337.2 crowns or 134.60 percent; (20) Znojmo, 1,207.11 crowns or 112.77 percent; (21) Sumperk, 319.76 crowns or 30.99 percent.

INDUSTRIAL PRODUCTION -- Prace, No 222, 22 Sep 48

It has been reported that the ROH of the Prague KraJ has already fulfilled its entire task set by the alternate plan for individual factories. During the first 3 months of the alternate plan, May to July, the entire production assignment in Prague KraJ was valued at 1,473,579,345 crowns, an assignment of 2,982.10 crowns per worker. This assignment was fulfilled 187 percent, with a total production of 2,764,800,437 crowns, that is, 5,595.16 crowns per capita.

FULFILLMENT OF SUPPLEMENTARY PLANS -- Lidova Demokracie, No 223, 24 Sep 48

According to the national economic commission of the URO. (Ustredni Rada Odboru), Zlin KraJ took first place in the completion of supplementary production plans; next were Brno, Ceske Budejovice, Mlada Boleslav, Olomouc, Prague, and Kladno. The quota which had to be met in Zlin KraJ was a production increase to the value of 233,118,962 crowns. Zlin KraJ increased production over the last 3 months by 911,686,791 crowns, or 263.22 percent of the supplementary plan. Prague KraJ exceeded the supplementary production plan by 1,473,579,245 crowns, or 187.63 percent.

Among the brigades, the best district was Mlada Boleslav, which fulfilled the brigade supplementary plan by 293.68 percent. Next were Olomouc, with 290.75; Prague, 282.49; Zlin, 240.30; and Znojmo, 238.93 percent, respectively.

BREWERY PRODUCTION -- Svobodne Slovo, No 207, 5 Sep 48

There were 227 breweries in operation in Bohemia, Moravia, and Silesia in June of this year, producing 806,286 hectoliters of beer. In June, 2,539 hectoliters were exported. This year's production is 5.3 percent below the June production of last year: 124,621 hectoliters of bottled beer and 365,524 hectoliters of dark beer were manufactured; 136,965 hectoliters were produced in Slovakia in July. Also 40,185 metric centners of malt more than in July of last year were produced; in all, 82,420 metric centners were produced. There were 65 malt houses in operation and 8,231 metric centners of malt were exported in July of this year.

CZECH INDUSTRIAL PRODUCTION -- Rude Pravo, No 225, 25 Sep 48

The Bat'a power station at Sezimovo Usti fulfilled its two-year plan in the production of electric power on 23 September. The employees promised to fulfill their remaining tasks by 28 October.

The Tuzak factory at Valasske Mezirici has fulfilled its two-year plan. The Bat'a national enterprise at Trebic-Borovino announced completion of its two-year plan on 23 September, in a telegram to Minister of Industry Kliment.

The Rakovník ceramic works Keram. have produced a total of 24,230 square meters of semi-insulators, and have thus exceeded their production task for 1948 by 230 square meters. In the production of light-bulb sockets the plan was exceeded by 22.66 percent.
